

Cleaner & Degreaser

Description

IT-2589 is a precision cleaner spray for cleaning and degreasing of the metal surfaces.

Features:

- Cleans quickly & effectively
- Guarantees absolutely clean surfaces.
- Free from CFC & CHC
- Removes grease, oil and dirt effectively
- As a degreaser prior to use of industrial bonding agents
- Evaporates without leaving any residues

Applications:

- Cleaning & de-greasing metal surfaces before surface treatment.
- Cleaning of bearings before lubrication.
- For removing oil, grease and dirt residues from assemblies, as a cleaner during repair jobs, etc.
- Removal of sealing.
- Precision cleaning of aerospace components.

Typical Properties:

Description	Units	Specification
Appearance	Visual	Colorless Liquid
Density at 27 °C	g/ml	0.69 – 0.75
Viscosity at 40°C	mm ² /s	< 0.52

Application Method:

Apply product by spraying or dipping the parts and wait until solvent vaporizes. Repeat the procedure, if necessary

Note:

Test varnishes & plastics for compatibility prior to application

Disclaimer:

This product Data Sheet was last updated in July 2009. The information contained in the data sheet reflects the state of engineering know-how and the results of extensive tests and practical application studies. However, on the account of diversity of possible applications and technical conditions, this information can be regarded as indicative for suitable application and is not necessarily transferable to specific instances. Accordingly we recommend, in every case, that trials be conducted on specific applications before any general product use. No direct or indirect liabilities are accepted unless specified.
