

Non-Chlorinated Cleaner & Degreaser

Description:

IT-5002, a high-purity non-chlorinated odorless solvent designed for cleaning of electrical & electronic equipment like motors. It is di-electric & provides a residue-free cleaning.

IT-5002 is safe to use for all metals, plastics, varnishes, rubbers etc. Cleaning is done by dip tank, wipe-off or with forced air.

Features:

1. Slow drying cleaning solvent
2. Cuts into the Grease & grime effectively
3. Odorless
4. Enhanced Penetration.

Technical Data:

Description	Specification
Solvent Type	Non-Chlorinated
Flash Point	62 °C
Di-electric strength	38 KV
Evaporation rate	30 Minutes

Disclaimer:

This product Data Sheet was last updated in July 2009. The information contained in the data sheet reflects the state of engineering know-how and the results of extensive tests and practical application studies. However, on the account of diversity of possible applications and technical conditions, this information can be regarded as indicative for suitable application and is not necessarily transferable to specific instances. Accordingly we recommend, in every case, that trials be conducted on specific applications before any general product use. No direct or indirect liabilities are accepted unless specified.
